ARK Rules

1. To join the server, you must be part of this Discord. Use an alias that closely matches your in-game name. If we can't identify you, your belongings may be removed.
2. To access server details and passwords, please review the rules and follow the given instructions.
3. Feel free to invite your community!

Server Rules

1. Build at a respectful distance from others to avoid encroaching on their space.
2. Be creative with your builds – avoid filling the map with simple box structures.
3. Limit repeated requests for help; if you need assistance, consider forming a tribe.
4. Keep in-game chat focused on game-related topics whenever possible.
5. Remove traps after use, unless they are unlocked and available for public use.
6. Do not block key progression areas or resource spots (e.g., artifact caves, penguin spawns, beaver dams, etc.).
7. Always empty beaver dams and supply drops completely to allow them to respawn.
8. You must be 16+ to participate in this community – no exceptions.
